# KINGSTON COURT

## ABOUT US

Carey Contracts has a proven track record in the care home sector, working with leading operators across the UK to deliver considered, high-quality refurbishments that support better living and working environments.

### Care Home Refurbishments That Make a Difference

From bedrooms and en-suites to day rooms, lounges, dining areas, and public spaces, we specialise in transforming existing spaces to meet the evolving needs of care facilities. Our projects are carefully managed within live environments, ensuring minimal disruption to residents and staff.

Our aim is simple: to create comfortable, functional, and welcoming care settings where residents feel at home and staff can thrive.

# RIVERWELL BECK

## RIVERWELL BECK

### Extension and Full Refurbishment to Support Resident Growth

Located in Carlisle, this £1.4 million project saw the creation of a new 8-bedroom extension, allowing the home to accommodate more residents with ease and comfort. Alongside this, Carey Contracts carried out a full refurbishment of all existing bedrooms and transformed several day rooms and outdoor spaces.

## LIVING AREA

Our scope of work included all builder works, joinery, mechanical and electrical installations, flooring, and decoration. The result is a brighter, more welcoming home that enhances quality of life for residents while providing essential additional capacity.

£1.4 million extension resulting in a brighter, more welcoming space.

## BEDROOM

Following the success of this project, we've continued working with the client on various other projects. Their ongoing trust in Carey Contracts is a reflection of the strong working relationship built throughout the refurbishment. By understanding their goals and turning their vision into reality, we've established ourselves as a reliable partner for future care sector projects.

### Maximising Space to Create a Better Living Environment

At Kingston Court, we refurbished 28 bedrooms and installed new en-suites throughout, bringing a fresh level of comfort and practicality to each room. We also reconfigured two existing day rooms to create four additional bedrooms, optimising space to meet the home's changing needs.

## DINING ROOM

Further works included the refurbishment of two dining areas, a new kitchen installation complete with appliances, upgrades to quiet areas, lounges, corridors and the hair salon.

Refurbishment comprising of 28 bedrooms, two dining areas, a new kitchen and more.

This £500,000 project involved joinery, plumbing, electrical works, flooring, decoration and furniture — all delivered with minimal disruption and a result the client was extremely satisfied with.

# WOMBWELL

## WOMBWELL, GRAVESEND

---

### Spacious New Layout Focused on Resident Comfort

This £2.1 million transformation saw an existing 32-bedroom care facility reconfigured into 22 larger bedrooms, each with its own en-suite — improving space, comfort, and quality of life for residents.

## KITCHEN AREA

In addition to the bedroom enhancements, Carey Contracts refurbished the entrance area, conservatory, plant room, and created new day room spaces to support social interaction and wellbeing.

## £2.1 million transformation to enhance quality of life for residents.

The result is a modernised, resident-centred environment designed for comfort, dignity, and ease of use, with works delivered seamlessly by our experienced team.

The response from staff, residents, and the client was overwhelmingly positive, with praise for both the quality of the refurbishment and the minimal disruption during works. Due to the success of this project and the strong communication throughout, we are now in preparations to deliver a second phase of works at the care home. This is a testament to the excellent relationship and trust established with the client.
