HILTON VIP

ABOUT US

Carey Contracts has a proven track record in the hotel and hospitality sector, working with leading brands such as Hilton, Mercure, Hampton by Hilton and Holiday Inn Express. We specialise in high-quality refurbishments, from bedroom and en-suite upgrades to complete public area transformations.

Specialising in Bespoke and Memorable Hotel Refurbishments

Our team is highly experienced in working within live environments, ensuring minimal disruption while delivering projects on time and within budget. Our high-end hotel refurbishments create stylish and luxury spaces, enhancing the guest experience.

HILTON

HILTON VIP LOUNGE GLASGOW

Luxury VIP Lounge and Lobby Area

Carey Contracts was entrusted with the transformation of Hilton Glasgow's VIP Lounge and lobby area, delivering a high-end, modern space designed for both relaxation and exclusive functions.

The project began with a full strip-out, paving the way for a sleek, contemporary design that enhances the guest experience. Our scope of works included bespoke joinery, decoration, electrical and mechanical installations, tiling, and the creation of custom-made furniture, all completed with meticulous attention to detail.

design to enhance the
guest experience

The result is a sophisticated, welcoming environment that aligns with Hilton's premium standards. The client was highly satisfied with the quality and efficiency of the refurbishment.

Despite a demanding six-week programme, we delivered ahead of schedule, ensuring minimal disruption to hotel operations.

MERCURE

MERCURE MANCHESTER

280 Bedroom Refurbishment in the Heart of Manchester

Carey Contracts successfully refurbished 280 bedrooms and adjoining en-suites at the Mercure Manchester, delivering a fresh and modern upgrade across various room types, including standard, privilege, and suite accommodations. Our works extended beyond the guest rooms, encompassing corridor refurbishments to enhance the overall experience for visitors.

A key challenge of the project was relocating the hotel's reception from the mezzanine floor to the ground floor, improving the experience for guests and creating a more welcoming check-in experience. The new reception area was designed with bespoke lounge furniture, ensuring both functionality and comfort.

The £2 million refurbishment was completed within a nine-month schedule, with our expert team managing custom joinery, mechanical and electrical works, flooring and decoration. The result exceeded client expectations, delivering a stunning and memorable transformation.
